Know More, Get Better
with help from Relias Skills Checklists

Accurate Task Completion. Managed with Ease.

Do you have a well-organized tool to manage skills checklists for your staff? If not, we can significantly streamline the process for you.

Relias Skills Checklists are automated to help you create, record and report on your staff's abilities in one place, with greater efficiency.

Develop a Culture of Safety.

While skills checklists are certainly not a substitute for creating a culture of patient and client safety, integrating them into an electronic workflow adds significant value to help you get there—especially in the fast-paced environment of healthcare.

Key Benefits

Identify Skill Gaps

Reduce Variation in Care

Empower Staff Ownership of Patient/Client Safety

Establish Consistent Use of Best Practices

KEY APPLICATIONS

For Acute Care Staff: Administering medications, assisting with exams and treatment, understanding electronic health records, and others.

For Behavioral Health Care Staff: Establishing therapeutic relationships with clients' support system, advocating for clients' needs, using active listening skills, and others.

For Post-Acute Care Staff: Responding to falls, measuring blood pressure, assisting a patient with feeding, hand washing, making an occupied bed, and others.
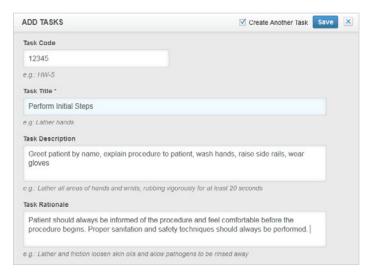

For Intellectual & Developmental Disabilities Care Staff: Establishing rapport, choosing appropriate language, listening, explaining clearly, communicating without words, and others.

Key Features

User Roles: Set user permissions to create, edit, clone, enroll in, record observations of, and attest to skills checklists.

Cloning: Clone any skills checklist your organization has access to, and an exact replica will be made, barring any enrollments.

Reporting: Gain insight into completions, "met or not met" status, observations, and progress summary statistics—down to the individual task level. Reports can be exported, saved and set on an automatic email frequency of your choice.

User-friendly, step-by-step task creation. Simply enter the task details and check the box at the top if you'd like to add another task to your skills checklist.

Relias Skills Checklists makes it easy to keep track of your staff's skills so you can better identify and address any gaps that could lead to variations in care. For more information on Relias Skills Checklists, reach out to one of our solutions experts.
