

WHAT YOU SHOULD HAVE IN YOUR QAPI Toolbox

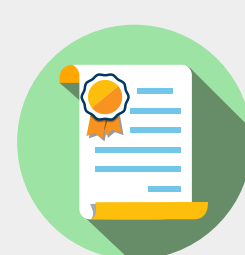

Do you have the tools you need to build your unique QAPI Plan?

With the pressing need for QAPI initiatives, it's imperative that you have all the tools necessary to implement and execute your plan. Not to mention, your organization needs to incorporate your QAPI plan into the daily lives of the staff. It's easy when you follow these steps.

QUALITY ASSURANCE

Our facility has a problem that we really need to solve—fast!

PERFORMANCE IMPROVEMENT

We're doing fine, but we want to improve so problems don't develop.

ROOT CAUSE ANALYSIS

What risky behaviors and practices do you need to address?
